If it works for you please leave a comment letting me (and others) know and seed as long as you can.. I recommend not using the computer for any heavy processor use during any burning.. You should also notice some confirmation that the DVD is burning with the 'book type' set to 'DVD-ROM'.

flight simulator 2020 north america update

Find great deals on eBay for GM - North America Map Update - DENSO Global A - v.

flight sim 2020 north america update

You will also get the very latest available points of interest such as gas stations, restaurants, hotels, hospitals, parks, and much much more.. I used Nero Express 10 to create the 'nrg' image file If you cannot work with this type of file there are some converters out there, but I have not tried them.. Nero Burning Rom version 10 software instructions: 1 You'll need to have a dual layer DVD.. I used 'Verbatim DVD+R DL' It's important to know what your DVD writer can do Mine could read +R and -R but only write +R DVDs.. 229 GM Nav DVD Ver 10 3 This is the torrent link I used Sorry everyone but Torrents are notorious for popups and ads so be prepared.. I only know that my method worked The DVD drive needs to have it's 'book type' changed to DVD-ROM.. Open the 'nrg' file I left the write speed at 'maximum' but if you have problems verifying you may want to set this to a slower speed.. Be sure to buy the correct format DVD You'll need to open the ZIP file It was created with WinZip so I don't think there should be any issues.. Software like IMGBURN and ALCOHOL120 are free and work good for this stuff I used IMGBURN to burn disc and did not have to covert image just changed book type to dvdrom dual layer disc and it worked fine.
